The Co-operative Party is marking its centenary with a series of national events to promote co-operative solutions as practical alternatives to the government's austerity and privatisation programmes.

This free event will explore:

- how co-operative values influence our everyday lives
- building a future powered by co-operation, including six steps to grow community wealth

Bath & West Co-operative Party is hosting the day and would welcome your input – but do let us know if you're coming to help us organise the catering: jack@actionresearch.net
