## Brief Overview:

- Traditional Approaches to humanitarian assistance, *improvements in pressing developmental context*, of international actors revisited, with proactive AU goal 2063.
- World Humanitarian Summit 2016 and UN S-G, the *New Way of Working (NWOW)* encourages interlinking *resource and skill utility*, *reduce humanitarian needs*, *better operational financing*, *prioritise strategic development* and *maximise compound gains* via stakeholder-specific.
- The NWOW is still a work in progress.
- Nexus evolution – the notion of *binding together*, the elements. In the current study, such an *inter-linked way of working* called the 'nexus approach'. It evolved from an initial *dual* nexus to the *triple nexus* with *peace* upfront and broadened.
- Albeit not a traditional nexus pillar, *governance is heavily* (Pathways for Peace).
