The Conversation Cafe research support group has been meeting early in the morning weekly for many years at venues in and around Bath, UK. Members have joined, left and returned as their personal and work circumstances have changed. Whoever has been part of these conversations have helped to create a consistently vibrant, convivial, and energising space for sharing and supporting our individual and collective efforts to contribute to the flourishing of humanity by researching our practice to improve it and offer valid accounts of our explanations of our educational influence in our own learning, the learning of others and the learning of the social formations we are part of (our living-educational-theories)
