Emilia Meaning  
(Latin origin):  
Ambitious  
Signifying my  
perseverance to success,  
achieving my goals.

/ style  
/ maximalist  
/ minimalism  
/ inspiration

I am a person that shares equal qualities of an introvert and extrovert, I am an amibvert.

Similarly, I perceive myself to be a "Maximalist Minimalist" type of designer. I can create anything I imagine. I may come across

As a perfectionist, however, I believe that the beauty lives in our imperfections.

My teaching philosophy  
Is to further the boundaries of students design thinking and practical application to emerge their creativity and innovations.

To individually assist in theoretical research queries, encouraging collaborations, making ethical, sustainable choices in material, and providing honest advice based on my experiences in order to enhance their personal growth into successful South African fashion designers.
