Senior Flight Medic

Undertaking a ship rescue

When I'm not teaching or saving lives, I make music and lead worship

YNWA

My greatest achievement

Great team

Students managing a patient in a simulated environment

Artefact- Students learn differently from each other, and come from various backgrounds.

I am a 4<sup>th</sup> year lecturer of Emergency Medical Care by profession. My job is to produce competent Emergency Care Practitioners who will go out into the world and save the lives of critically ill and injured patients. I believe that all learners can be successful if provided with the requisite tools to be successful.
