HIGH LEARNING INSTITUTIONS

DUT

Dr Stanley Rwandarugali
Town Planner&GIS specialist
StanislaR@dut.ac.za
rdasita22@gmail.com

My values

- LOVE PEOPLE
- LOVE ACADEMIC WORK
- LIKE TO CHALLENGE AND BEING CHALLENGED
- HARD WORKER
- TEAM WORK
- COMPASSION
- CULTURE DANCER
- PRAISE AND WORSHIPER
- LEADERSHIP

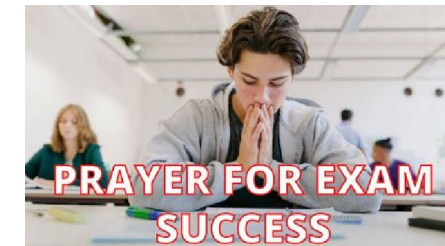

GIS is a computer-based technology !!!
Too slow and hard to finish on time!!!

Community

Communication (Lecturer/Students)

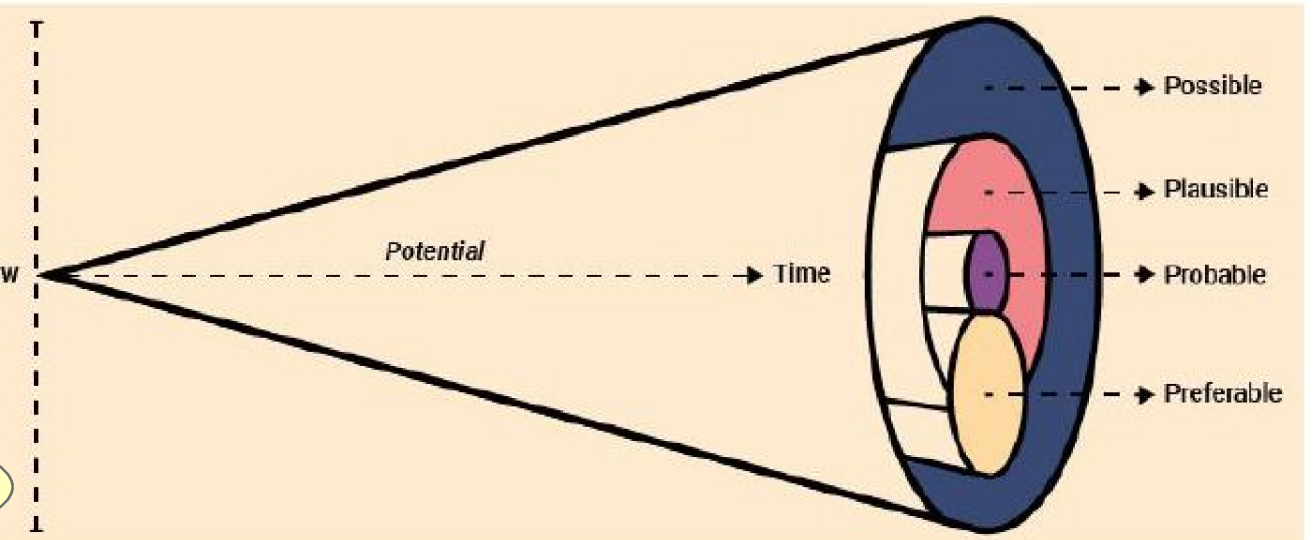

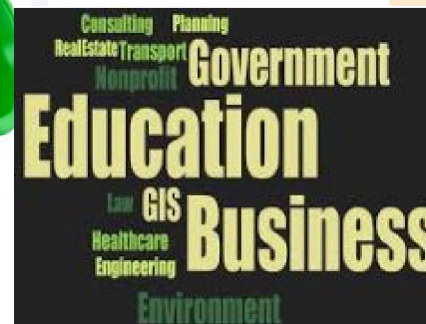

The cone of uncertainty

Future creators

Teaching practice experiences/challenges

- Both undergraduate and post-graduate
- Beginning (My first lecture)
- Class size
- Communication (Language)
- Class participation
- Teaching approach (in class/online/blended)
- Fields work
- Assessments (Theory/Placticals)
- Feedback

How can I improve my teaching practice

- Love and respect (diversity)
- Goal setting
- Knowing your class
- Clear study guide and timeline
- Flexibility in communication
- Sharing experience for the future (Vuvuzela)
- Formal (quizes) and informal assessments
- Feedback from assessments
- Individual student consultation
- Encouraging notes taking
- Fieds trip
- Visitor Lectures.
- Empowering Staff (ex. Induction/Workshops)

Motivational approach

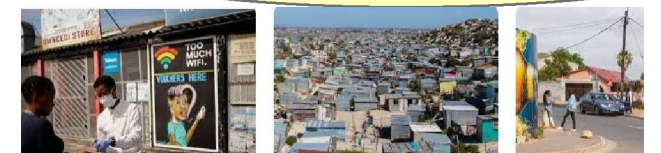

"My GIS lecturer, Stanislas Rwandarugali, has always believed in my capabilities, and has supported me since my third year of university. This win also symbolises the high quality and standard of work that the Department of Town and Regional planning put into nurturing each and every one of their students. I am truly grateful for all the support given to me from day one," she said.

Nadine Ponnusamy,
Honours student(2020) in Urban and
Regional Planning wins Geotech Center Virtual
GIS Day Mapping Contest(<https://www.dut.ac.za>)
